SUSTAINABILITY INITIATIVES

FARMSOURCE FarmSource® is an initiative to find and partner with some of the best growers and producers of food in our communities. Through FarmSource®, 20% of the food for your dining program is provided by local sources within 100 miles of our kitchens.

We also make conscious efforts to reduce our impact on the environment around us by introducing programs that reduce single-use plastic waste, convert spent fryer oil into bio-diesel fuel, and allow for composting of pre- and post-consumer food waste where possible.
